End-User Training for the

SACS Web System

For school districts, county offices and charter schools

*COE staff will offer this workshop at **no cost** to participants
Training materials to be provided by CDE*

SACS Web System Training

This virtual workshop will prepare participants to use the new SACS Web Software by offering users a comprehensive module-based training broken out into the following concept areas:

- Introduction to SACS Web
- Setting up User Accounts
- Importing data
- User Interface
- Forms
- Technical Review Checks
- Submissions

Hands-on activities will engage users in the most common steps taken in the system to move a dataset through the workflow to completion.

IMPORTANT: Participants will need a SACS Web System Login (with user roll assigned) and a SACS FY 2022-23 Budget Extract .dat file to participate. Please contact your COE for assistance.

Please note that participants should have a basic understanding of the SACS Legacy Desktop software.

Registration is required no later than **Friday Apr. 15**
